# Current Conditions (Andrew)

# **Phase 1 component implementation (Andy and Rachel)**

# Phase 1 report (Rahul)

- Have been working to prepare a report that accurately reflects the efforts undertaken in Phase 1
- Initially, I prepared a summary that included a heavy component of the pre-reads
- Currently revising the report so that it better characterizes your efforts in a more approachable format

# Phase 1 report (2)

- Developed detailed Issue Summary Sheets for each relevant Issue.
- The Issue Summary Sheets describe: the Issue(s) and their sensitivity to flow, current level of knowledge, the Issue Status (e.g., how it was addressed during Phase 1 of the WEI) and Performance Measures
- Also includes Recommendations on Data Gaps Studies, Monitoring or Physical Works

# Phase 1 report (3)

- Next steps:
  - Circulate to WEI Main Table participants and Technical Working Group (TWG) for review and comment by late May
  - Incorporate comments
  - Prepare final version

# **WEI Main Table feedback on Phase 1 (Aman)**

# Framing the next phase (Michael)

# Next Steps (Rahul)

- Questions for the WEI Main Table
  - How would you like to be involved as the WEI moves forward?
  - Meeting frequency?
  - Videoconferences? In-person? Written summaries?
  - Preferred style of updates?
    - Pre-read?
    - Presentations?
    - Site visits to specific features?
